## 1. Download & Install

- Visit <http://www.openoffice.org/>  
or <http://ja.openoffice.org/> for Japanese
- Download the latest version
  - Version 3.1 is available on June 2009
- Start Install by double clicking the downloaded file

## 2. Installing... [1/4]

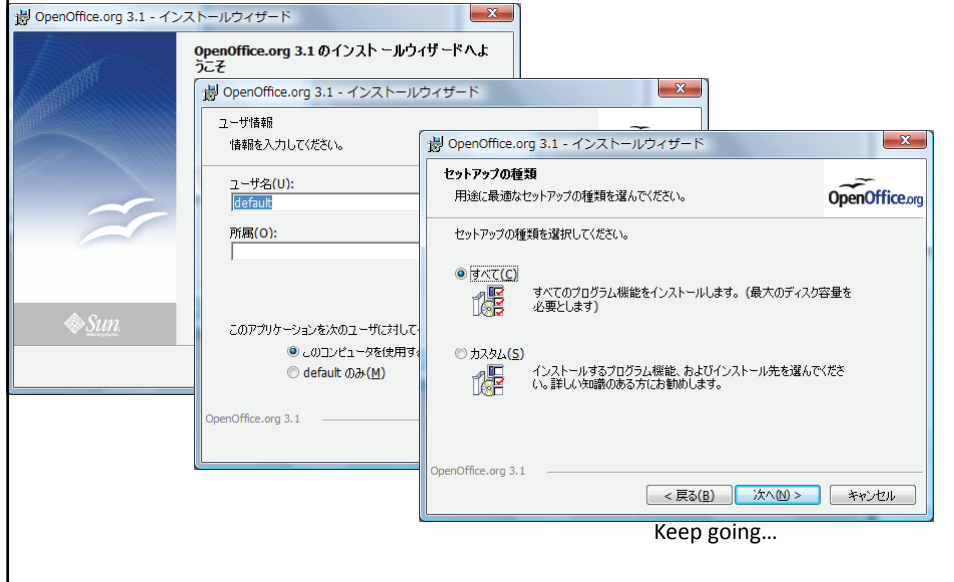

## 2. Installing... [2/4]

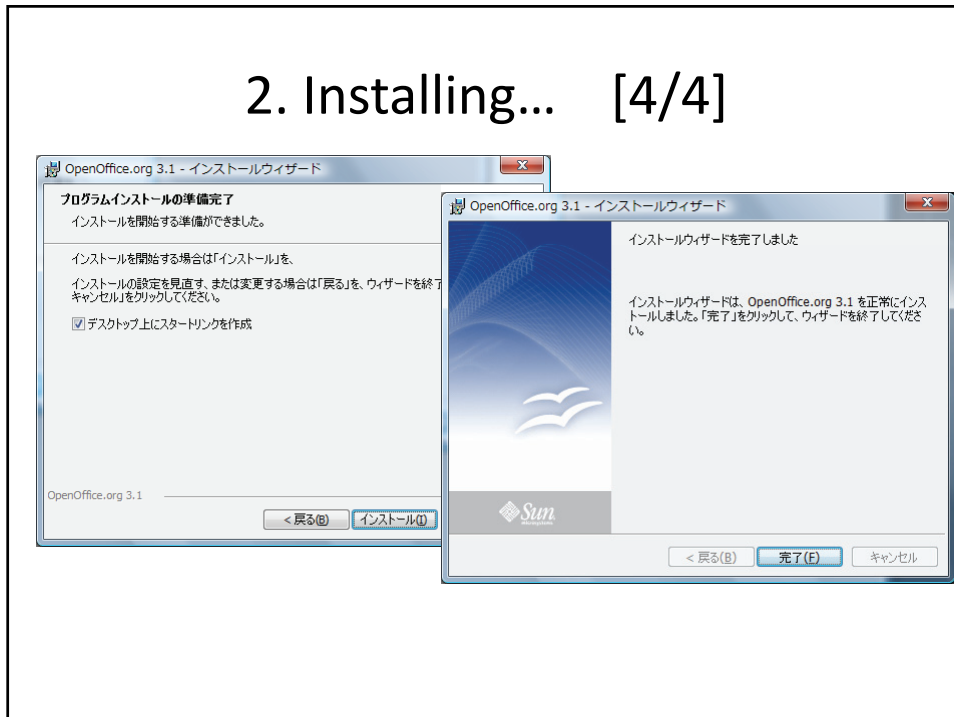

Keep going...

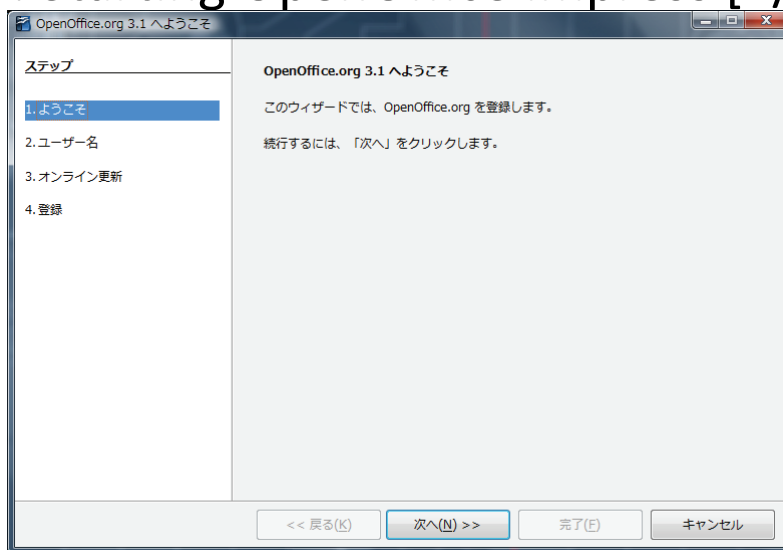

## 2. Installing... [3/4]

## 2. Installing... [4/4]

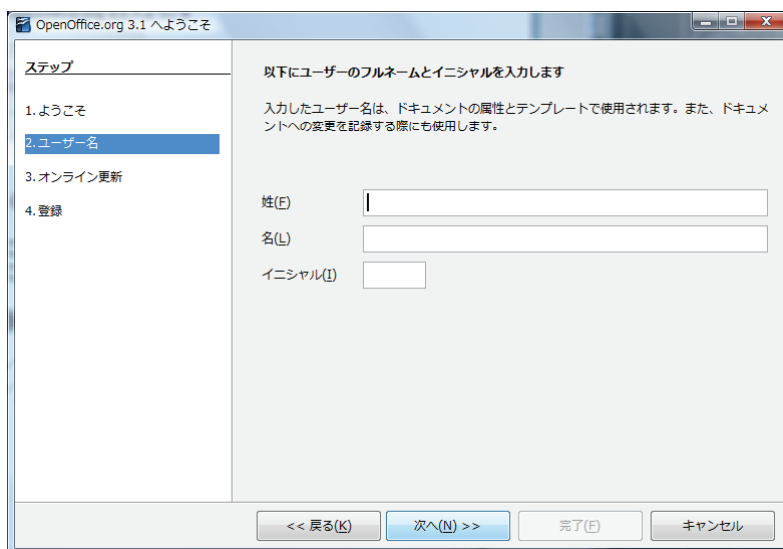

### 3. Starting OpenOffice Impress [1/3]

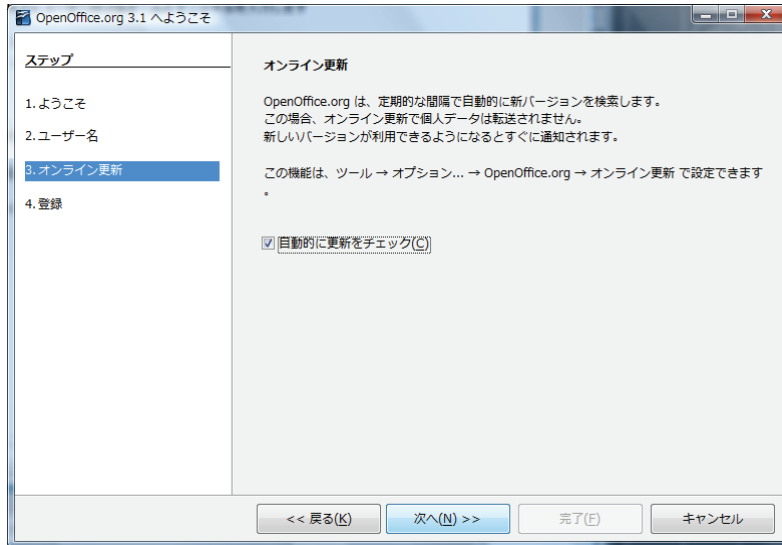

Now You can use "OpenOffice.org Impress", instead of PowerPoint.

### 3. OpenOffice Impress [2/3]

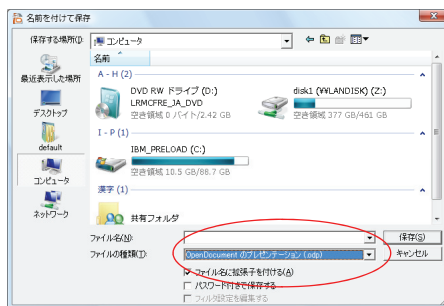

### 3. OpenOffice Impress [3/3]

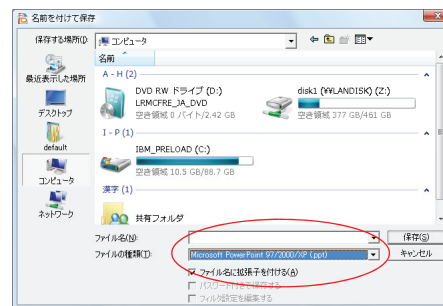

### 4. Using OpenOffice Impress

- When you are saving presentations, please be careful about kinds of files. Because PowerPoint can't read OpenOffice files.
- 作成したプレゼンテーションをセーブ(保存)する際、ファイルの種類に気をつけること。
